ABOUT ST. JOSEPH UNIVERSITY

St. Joseph University was established by DMI Foundations which is an effort of the sisters of DMI and the fathers of MMI of the Catholic Church. The DMI Foundations is a Global philanthropic organization working in several countries such as United States of America, South Sudan, Brazil, Tanzania, Zambia, Malawi, Ethiopia, Germany, and India through Universities, Educational institutions and philanthropic services. St. Joseph University, Nagaland – has a sprawling green campus spread over 35 acres of land with well connected roads and easy accessibility to the airport and railway station within six kilometer distance. The campus is equipped with state of the art infrastructure, laboratories, computer labs and library conducive for higher learning, research and innovation.

ABOUT THE CONFERENCE

The Internal Quality Assurance Cell (IQAC) of St. Joseph University, Nagaland, is organizing a Two-Day International Conference on Multidisciplinary Research and Innovation on 23rd and 24th October 2025. The conference aims to provide a global platform for academicians, researchers, industry experts, and students from diverse disciplines to exchange ideas, present research findings, and foster collaborative learning. It seeks to promote innovation-driven research and encourage participants to explore new perspectives across multiple domains such as science, technology, social sciences, humanities, commerce, and management.

Key highlights of the conference

- **Plenary sessions** by eminent international and national speakers.
- **Technical sessions** covering a wide range of disciplines.
- **Panel discussions** on innovation, sustainability, and interdisciplinary approaches to research.
- Opportunities for **paper & poster presentations** among participants.

This academic initiative reflects the University's commitment to promoting **quality research, interdisciplinary collaboration, and knowledge creation** in line with the vision of building a vibrant academic and research culture. The conference will serve as a forum to **bridge academia and industry**, inspire **innovative solutions to global challenges**, and contribute to the **advancement of higher education and societal development**.

CONFERENCE THEME:

“Sustainable Development Goals 2030”

Sub-Themes:

- Conservation and sustainable usage of marine and land resources.
- Renewable energy, Climate change, sustainable management of water and sanitation.
- Health and wellness, Poverty reduction, food security, nutrition and sustainable agriculture.
- Gender equality, women empowerment for economic growth and development, Reduce inequality within and among countries.
- Inclusive and sustainable economic growth, industrialization and foster innovation, sustainable consumption and production patterns.
- Quality education, peaceful and inclusive societies for sustainable development, inclusive institutions, Sustainable Cities and Communities.
- Sustainable engineering solutions - Green building technology, smart materials and model village concepts.
- Renewable energy optimization, power grid intelligence, smart meters.

PARTICIPATION & ACCOMODATION

Faculty, Academicians, Industrialists, Research Scholars and Students can participate and present papers in the conference.

Accommodation will be arranged as per prior request of the participants. No TA/DA will be provided.

PUBLICATION

Conference Souvenir will be published with ISBN number. Selected papers will be published on ISSN Journal or ISBN Book with applicable publication charges.
